EVERSDAL GYMNASTICS GIMNASTIEK

Dear Parents & Guardians,

Thank you to all the parents who continuously book their kids every week for their classes. We hope you are enjoying the new booking app.

Why is it important to book the classes online each time?

- Helps you plan your week.
- Provides the club a list of attendees so that we can plan.
- It provides us a list of all gymnasts inside the venue.
- It provides us some security of who to look for in the event of an emergency.
- Should we have to cancel a class, it helps us to notify parents who booked.
- Should we have to confirm who was present in the venue in a roll call should there be an emergency evacuation.
- Bookings help to avoid you from showing up to a session that might have been cancelled or not taking place at all.
- Booking allows you to secure a spot and not show up to a class that might be full.

You can book or cancel a session up to 2 hours before a session on the current day. You can also still book ahead for other days but not more than 6 days in advance. Same for cancellations of bookings. You can cancel a booking you made. If your gymnast does not show up to a booked session, that session will be lost and you will not be able to make it up in another week, unless you cancelled the booking via the app or via WhatsApp to Rousseau.

We are inundated with late bookings and gymnasts just showing up. The club will unfortunately have to take a strict stance on members who do not adhere to our requests.
There will be a R50 admin fee charged (payable in cash at reception or it will be invoiced) for repeat late bookings / showing up without having booked – each time. This will take effect from 15 June 2026.
Rousseau unfortunately can no longer "add" late bookings as that feature on the new app is not available.

Just as important it is for parents to book their gymnasts sessions online; it is essential that ALL gymnasts report their arrival at the reception desk. Too many gymnasts (and parents) just walk inside/upstairs without announcing that they are there, meaning they are not marked in for attendance, which poses as another security risk. We cannot and do not know each family member or friend.

We would also like to remind parents how dangerous it can be to have your child walk alone from your car to the front gate of the gymnastics venue. Gymnasts younger than the age of 13 MUST be accompanied by their parents to the inside of the gymnastics venue, to ensure they are safely inside.

Kind Regards,

The Eversdal Gymnastics Team
